Subject: Final Reminder: Opt-In for MDCI Client Protection Scheme – Deadline Approaching!

In the wake of the recent Dali bridge collision, there has been an intensified focus on Port State Control inspections of foreign-flagged ships calling at US ports. Shipowners now face a greater than 1-in-10 chance of their vessels being inspected. While your vessels may have nothing to hide, the reality is that once inspectors are onboard, the chances of uncovering even minor regulatory non-compliance issues increase exponentially.

With this heightened scrutiny, there has never been a more critical time to safeguard against the unforeseen and unbudgeted operational costs that can arise from an extended MARPOL inspection and associated vessel detention in US waters.

As a valued client, we wanted to remind you that the deadline for opting into our [MDCI Client Protection Scheme \(MCPS\)](#) is fast approaching. **1st September 2024** is the last day to take advantage of this exclusive offer, designed to provide comprehensive protection against MARPOL-related vessel detention costs at the most favorable premium terms.

Since the launch of the scheme in June, we've seen an overwhelming response, with a significant number of our COFR clients already opting in. We encourage you not to miss out on this opportunity. Opting in is quick and straightforward—there's no application form to complete, no upfront payment required, and coverage will be provided when needed.
