

Shoreline's MDCI Client Protection Scheme

Post-Dali, USCG vessel inspections are evolving, with increased scrutiny on foreign flagged vessels entering US ports. This coincides with Shoreline's roll out of a unique opportunity for its clients to mitigate the risks of incurring, unwanted and unbudgeted MARPOL related, additional operational costs, through their "Opt in - Client MDCI Protection Scheme".

As an existing Shoreline client, you have the opportunity to opt in now, giving you peace of mind that you will have this essential new cover guaranteed and in place when required, with nothing to pay until your vessel next trades to the US.

Key Benefits of Opting In:

- US\$1M of comprehensive insurance coverage for MARPOL related additional operating costs, including vessel loss of hire, legal response and investigation costs, crew-related legal and maintenance expenses, crew substitution costs and more.
- Access to affirmative coverage with none of the concerns that discretionary insurance creates.
- Positive ESG alignment through the retention of top-tier US legal representation for your crew.
- Access to ground-up cover without deductibles, ensuring you are covered from the first dollar lost.
- Insulation of your other marine insurances from loss, MDCI provides primary cover with insurers waiving any rights of subrogation and/or recovery after the event.
- Pay-as-you-trade, nothing to pay when opting in, we monitor your vessels trading activity to US ports, ensuring you are only charged for cover when you need it.

What Sets Us Apart:

- Quick and seamless opt-in process with dedicated support from our underwriting team.
- Access to preferred fixed premium rates of US\$500 per vessel per year for Shoreline clients only.
- We save you time, by replacing time consuming application forms with a single vessel/fleet declaration form. Electronic policy docs are then sent to your nominated inbox automatically when activated.
- You will receive expert assistance with the posting of acceptable security to release your vessel, saving you time and money.
- Guaranteed mitigation of your corporate defense costs with access to discounted legal fees from leading Maritime law firm Chalos & Co.

Act Now: Don't miss out on this limited one-time offer. Opt in before 1st September 2024 to secure your MDCI coverage on these preferred terms provided by **Shoreline's Client Protection Scheme**.

Opt in today by contacting our underwriting team at mdci@shoreline.bm
